# **KRUBOTS SUMMER CAMP**

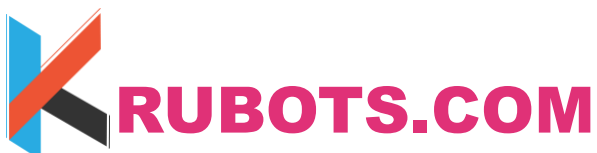

**Join our event to support Applegate School – PTO**

## **Summer fun Meets Real – World Skills**

Stem Learning Experience Unlike Anything Else

Build an Interactive Robot - This summer, learn fun stuff like 3D designing a robot, print your robot design, assemble electronic components in the robot and bring it to life using Arduino, ultrasonic sensors and motors. Program the robot to walk, dance, avoid obstacles and more.

3D Printing & Engineering : Take objects from your imagination and turn it into reality. Learn how to design simple 3D objects and prepare them for 3D printing with Autodesk software. Students get to take home 3D printed objects from every class.
