LONG MEADOW ELEMENTARY SCHOOL AFTER SCHOOL ENRICHMENT PROGRAM

The LMES PTO is proud to announce the 11th year of the Long Meadow Elementary Enrichment Program.

This Brochure details the list of course offerings for the Fall 2011 session. Courses will be offered at the end of the school day, and will meet once weekly for four weeks. Should school be cancelled on the day of your scheduled class, the class will be cancelled and a make-up class will be offered at the instructor's discretion. There will be no refunds and no exceptions. The tuition charges will be used to pay the instructors. Some of the instructors are not certified teachers but have a special skill or interest they would like to share with our children. If you would like your child to participate in this program please fill out the registration section of this brochure and come to the walk in registration with a check made payable to the LMES PTO. No mail in registrations will be accepted. **Payment is due at the time of registration, we cannot accept registration without payment*.** **Registration is on a first come first served basis.**

Registration will be held on October 18th in the cafeteria between 7:00 and 8:00 pm.

Do not send the registration to school with your child.

This season we are asking for parent volunteer(s) to help each day. The position requires as little as 1 ½ hrs a week and the parent will be in the building to assure the children get to their assigned room, and monitor pickup. This responsibility could be split between volunteers. Please check the box on the registration form, indicating that you wish to be part of our Enrichment Program and make sure to print your name.

Please note it is your responsibility to **promptly retrieve your child at 4:45 in their assigned Enrichment room.** You will also be required to write a note to your child's teacher **each** enrichment class day indicating your child will be staying after school to participate in Enrichment.

** Regrettably the PTO is unable to offer enrichment scholarships for Fall 2011*

Secret Agent Lab I

Look out 007 – The Mad Science Spy Academy is in session! From decoding messages to metal detectors and night vision, students will have the opportunity to check out equipment and even create their own edible message! Children will use the secret code breaker to communicate stealthily, like real spies. With the Undercover Observer, children step into the shoes of a spy in action. The viewer allows them to observe visually, while the spy ear enhances their hearing. These tools provide a complete undercover kit for children to take home.
