

Spring 2019

After School Enrichment Program

Enrichment Chairs: Nicole Paikin nrosbruch@yahoo.com and Maria Svecak malia516@yahoo.com

It is our pleasure to present the WCL PFA Enrichment Program for Spring 2019. We have made every effort to offer a wide variety of classes. Students can explore and learn in small, friendly groups, under expert guidance, for a reasonable fee. The WCL PFA Enrichment Program is meant to be fun and a way to involve parents. This is a PFA program that, with the help of parent volunteers, gives children an opportunity to try classes in a familiar and convenient setting. The only requirement is the desire to participate. We hope that you are as enthusiastic as we are about this year's program. Please let us know if you have a request for a class as we are always looking for new programs to offer.

REGISTRATION

Online registration for the Spring enrichment session will begin on **Sunday, March 24th at 6:30pm** promptly. If this registration time is an issue, then we advise you to have a family member or friend register for you. Class space is limited, and classes are filled on a first come/first served basis. Registration will close on Tuesday, April 2nd. Classes will start on the week of April 8th. There will be links for each class. Classes can fill up quickly. If you would like to be put on a waitlist for a filled class, then please contact the designated enrichment chair for that class. During the week leading up to the start of class, you will receive the chaperone schedule and classroom assignment from the volunteer coordinator for that class.

REFUND POLICY

If the PFA needs to cancel a class for any reason, you will be issued a full refund. If you should need to cancel your child's registration, the amount that you will be refunded will depend on when you notify one of the Enrichment Chairs.

Cancellations received:

- 3 or more days prior to class start date will receive a full refund, minus the credit card fees
- Less than 3 days before the start of class, or after the first class, will receive a 75% refund, minus the credit card fees
- There are no refunds after the first week of classes or for missed classes. Classes missed due to snow days and other school cancellations will be made up if possible.

Behavior Policy

Appropriate behavior is expected for all the students, to ensure a positive experience for the entire class. Children are expected to listen to the instructor and chaperone, be respectful of other students and participate in activities. If any child is disrupting the class, we will contact the parents to discuss the situation. If the situation cannot be remedied, we will ask the student in question to withdraw from the class or be chaperoned each week by his or her parent.

Chaperone Policy

We require each parent to chaperone or provide a chaperone for classes that their children are enrolled in. This is done for our children's safety and is also a wonderful opportunity to see your children in a learning environment. Parents/caregivers are required to provide two potential chaperone dates upon registration of their children. If it is physically impossible for a parent/caregiver to attend, you may send a nanny, relative, or babysitter over the age of 18 to chaperone for you. Another option is for you to have a friend whose child is also in the class cover for you.

You typically will only chaperone once per session if you only have one child enrolled in the class. If you have multiple children enrolled in one class, then you will need to chaperone once per each child enrolled. If you are signed up for multiple classes, then you will need to chaperone once per each class.

If you have a conflict with your chaperone date it is your responsibility to find a replacement within the pool of parents that have children registered for the class. Typically sending out a quick email to the other parents will yield a parent that might have more flexibility in their schedule. If a replacement cannot be found, then class will be cancelled. Occasionally your role as an enrichment class coordinator can be done in lieu of chaperoning.

Enrichment Class Coordinators

This is an easy way to help that really does not require much work and can be a replacement for chaperoning in some cases. It really isn't much of a commitment. Your major responsibilities include creating a chaperone schedule and sending out a weekly reminder to the upcoming chaperone. We have email formats that you can use that you would just need to update and send to the chaperone for that week. It is typically very easy, and you will be 100% supported by the enrichment chairs should any problems arise. We have a whole set of simple directions for every step of the way. This is a great opportunity for parents who have a hard time chaperoning, but want to get involved.

Arrival and Departure

All students should go to the cafeteria at 2:30 to meet the parent chaperone, who will be waiting with an enrichment sign, at a table close to the Main Office. Please feel free to pack a light, peanut/nut-free snack for your child to eat in the cafeteria, before they go to class.

For dismissal, **please pick your child up in the cafeteria.** Chaperones will be returning the children to the cafeteria after the classes end at 3:45. Upon arrival at school, you must enter through the Main Office, and proceed directly to the cafeteria. You will need to **sign your child out on the dismissal form provided by the chaperone.** After the bell students will be signed out directly to the program. You may exit through the cafeteria once you have your child. This procedure is in effect for all enrichments, including ones held in the gymnasium. Please do not enter through the cafeteria; furthermore, when exiting, please do not hold the cafeteria door open for anyone, even friends or acquaintances. Thank you in advance for adhering to these pick-up procedures, as they are for the security of our school and students.

Absences

Please email the class coordinators if your child will be absent from class, so they can inform the chaperones. Otherwise, we assume your child is missing and chaperones must make phone calls to follow-up.

PikMyKid App

Please update the PikMyKid app for the corresponding class dates. This is required of all students, including walkers and children enrolled in After the bell. It should be changed to After School programs and assigned to PFA Enrichment.

RecycleArt

We are so excited to bring "You Gotta Have Art" to Dorchester! Get ready to spark your imagination and become an awesome Recycle Artist when you join us for this hands-on recycle art experience. You will learn how we can take everyday items we find around the house – paper towel rolls, cardboard, egg cartons – and together, turn these ordinary items into our own unique artwork. As always, the emphasis is on fun and the creative process – while spreading the love of art and the environment. You'll see how we don't need fancy art materials to make cool creations. And you will never look at a cardboard box or paper towel roll the same!

Brixology

BRIXOLOGY sets the foundation for our next generation of makers! Kids learn about different types of engineering and then team up to construct a different engineering-themed project using LEGO bricks. They learn about aerospace engineering while assembling a space station. They explore mechanical engineering as they build boats and vehicles. That's not all, from carnival rides to drawing machines, mechanical animals to truss bridges; your future engineer will build upon their creativity to solve real-world design challenges, while developing their problem-solving and team-building skills. Let the tinkering begin!
