1. Bipartisan support from Southbury and Middlebury Board of Ed members
2. Maintains reasonable class sizes
3. Updates science curriculum to meet mandatory state standards
4. Replaces unreliable technology, maintains 21st Century Education infrastructure
5. Improvements in character development, music and science
6. New Advanced Placement, other high school courses
7. Fiscally responsible budget adjusts staffing based on enrollment
8. Millions of dollars saved through strategic planning and smart decision making
9. Region 15 is average on comparable district spending, but above average on comparable district test scores
10. *If budget fails, children and teachers will be hurt. Education will suffer. Opportunities will be lost. We risk the reputation of our towns deteriorating, which will negatively impact the economy, property values and quality of life.*

Produced by private residents; no district resources were used in its creation or distribution.
