Space Adventures

Grades: 1-4

Tuition: \$180

Time: 3:30-4:30pm

Company/Instructor: Bricks 4 Kids

<https://www.bricks4kidz.com/locations/new-jersey/>

Many children dream of being an astronaut and traveling to space, so Bricks 4 Kidz created an entire unit around space! Students will learn about real-life space exploration and build a new model related to the NASA space program. Models include a satellite, a lunar module, a centrifuge which astronauts use to prepare for the physical sensations of launch, a treadmill which astronauts use to stay fit in space, and a “space robot”. During this unit, students will learn some of the science behind launching things into orbit, will hear about the most-distant man-made object in the universe, and discuss what it is like to be an astronaut in space. Are you a budding astronaut? An adventurer who loves space exploration? Let Bricks 4 Kidz launch your imagination to outer-space and beyond! Supply kit will be provided with a prepaid return shipping label to send back kit at the end of the 9 week session.

TUESDAYS

Intro to Graphic Design

Grades: 3-4

Tuition: \$180

Time: 4:00-5:00pm

Instructor: Mr. Shapiro

Graphic Design is all around us! Words and pictures, the building blocks of graphic design, are what define content in both the digital world and the printed world. As graphic design becomes more visible in our lives, we see it everywhere: from the art we see on book covers and magazines, the creative 'look' of a web page, the logos we see on YouTube or Twitch channels, the fonts and layouts of restaurant menus. And so much in between! In this course, students will be using a website/app named Canva that allows users to create all sorts of web graphics, branding graphics, creative graphics, etc. to learn about the finer points of design. Students are expected to have a creative goal in mind before joining this class.

cooking • experimentation • fun

Kids in the Kitchen

Grades K-4

Tuition: \$180

Time: 3:15-4:15pm

Company/Instructor: Casey Jojic. The Flavor Labs

<https://theflavorlabs.com/>

The Flavor Labs virtual cooking classes are a fun way to engage children in the kitchen. All of our recipes are created in a way that requires minimal guidance from parents – using basic ingredients and no specialized kitchen equipment. Most recipes are done with a bowl and a wooden spoon! We explore sweet and savory foods that allow our students to express themselves creatively – resulting in an incredible sense of confidence and accomplishment each time they are done! Recipe cards with ingredient lists are sent in advance so parents can ensure they have the proper ingredients for each class. *All classes are nut-free.*

WEDNESDAYS

Kids Book Club
