

We are excited to share a new support system for newcomers!

PTO "Buddy" Program

Do you have questions?

- What are the options and considerations for the drop off and pick up process?
- How do after school clubs work?
- What are the favorite lunch delivery options?
- How do I get involved in volunteering for school events and activities?
- Are there annual class trips?

And more!

Parents of TBD and CDW students are eager to provide support to newcomer families and help you and your student(s) adjust to their new school community.

Please sign up if you are interested in serving as a Buddy to a newcomer or are you a newcomer interested in being matched with a seasoned Buddy?

Also state any situations/special interests (if any) that you would want considered to help guide our matching process based on commonalities (e.g. new to the area, allergies, younger siblings, single parent, hobbies, dual working parents, bilingual, etc.).
