### Mrs. Rosa- Teacher Report

Sent out email and big thank you from kindergarten for the new smart boards. They took a picture and Mrs. Rosa sent it to Jill. From all the staff, thank you for the raffles, how supportive the teachers felt from it. It was lots of fun and can tell how much work when in to it.

Mrs. Forish: It's been great to be back to school, every day is a lot but we feel so rewarded. Everyday we are making it better for our kids. The kids in school are doing great. For the remote learners they are really into it, teachers are learning how to do more with them. Hoping that we can beat the odds and not have to go out of school. ### Questions and Comments:

Ideas, thoughts, anything you think we should do:

- Chelcie: May hear from some room parents about the Friday pick-me ups for the teachers. Heather Dwyer added- If you see a sign-up or email that is what it is about. In years past we have had large fun events for the teachers, so this year we are trying to shift more to teacher appreciation.

- No one else had anything to share

It was nice to be able to see the outdoor class room and see how our donations have been put to good use to help provide more outdoor learning experiences for our children.
