

# **Greenbriar SCIENCE NIGHT**

**MARCH 14th**  
**6:00-7:30pm**

---

What is Science Night?? This PTO sponsored event is an unjudged annual Science “show and tell” Night open to all scientists K-5<sup>th</sup> grade. If you would like to participate in Greenbriar Science Night, please register to participate by March 8, 2019 via SignUpGenius where you add your name and type of project: <https://www.signupgenius.com/go/20F0D4DAAAD28A3FB6-science>

If you cannot access the above site, please return this completed form to the PTO mailbox by March 8, 2019 (or just email the details to Gabriela Salinas at [gysalinas@hotmail.com](mailto:gysalinas@hotmail.com)):

Type of Project: \_\_\_\_\_

Student Name(s): \_\_\_\_\_

Grade(s) : \_\_\_\_\_

Parent email : \_\_\_\_\_

Refer to the back page for tips on getting started

**Need Help Getting started??**

## Here are a few pointers:

- Follow your interest. Do you love music? Find out about sound and vibrations. Do you love roller coasters? Make a marble coaster and test how it works.
- Buddy-Up. Grab a friend and work on a project together.
- Do some research. For information and ideas for projects go to the Greenbriar or Northbrook libraries or check out the cool websites below. Your science teacher can also help you brainstorm some ideas.
- Keep it simple. Look for projects that use simple materials to test one science principle. Junk drawers and toy boxes are great places to find science supplies!

## Science Related Resources:

The Library!!! ☺

## Prior year project ideas have included:

Volcano

Static Electricity

Crystals

Energy

Mold

Robotics

Electronic Circuits

Sound & Noise

Slime & Polymers

Compost in a bottle

Balloon hovercraft

Rube Goldberg Machine

Most Germs – cell phone or door knob?
