

Welcome, Woodcliff Lake Families!

Through our website, wclpfa.com, you will be able to conveniently access everything PFA - get family contact information through our online directory and mobile app, easily pay for multiple items in one transaction, and most of all, get all your information in one place.

To get started, all you need to do is:

- 1. Create an account via the homepage.** Under "WELCOME, NEW VISITORS:" there is a link to create your new account and set up your personal profile information which will feed into the directory.
- 2. Submit your annual PFA membership dues,** one payment per family. This provides access to the mobile app & directory, which is now online. We will no longer have a hard copy.
- 3. Once you've submitted your dues, load the PPTO Directory app onto your smartphone.** Your app password will be the same as the account password.
- 4. Check out our calendar of events,** and select items to load easily into your personal calendar.

Come back and visit the site every week where we will have new and helpful information for your child and your family - courtesy of the WCL PFA.
