End of Year Pick Up Process

Below is the pickup/drop off schedule of items for the school and the personal belongings for students. Teachers will be sharing a 'checklist' of items that need to be returned as well. At this time, we will collect Chromebooks. If your family is in desperate need of that device for the rest of June please let your teacher know. We can collect them at a later date. The process of dropping off and picking up will consist of using several tables lined up along the curb which will have bins and other spaces for those items. Please wear a mask and respect social distancing during the exchange of items. The UGL Staff is looking forward to seeing everyone!
